

**ADD RED SHARK BIKES TO YOUR RENTAL BUSINESS**

**RED SHARK**  
**bikes**

**Red Shark Bikes make a great addition to an existing water sports rental line-up. These bikes are also perfect for eco-tours!**

- The lightweight design makes handling these bikes easy.
- More stable than a stand-up paddleboard.
- Most riders won't get wet unless they want to!
- Better vantage point than kayaking, canoeing, etc.
- It uses bigger muscle groups; this makes it easier for most people to use.
- This unique, high-quality design is attention-grabbing to on-lookers.
- Sales packages with promotional materials are available.
- Flags and banners are available to get your audience's attention.
- Discounted pricing based on quantity purchased.
- Made in Spain.

## Enjoy model

## Fitness model

### Specifications:

- Weight: 28 kg
- Dimensions: 390 × 90 × 15 cm
- Board Width: 90 cm
- Thickness Of Board: 15 cm
- Warranty: 1 years
- Board Weight: 12 kg
- Board Length: 390 cm
- Maximum Load Weight: 145 kg (1 person)

### Benefits:

- Easy to learn. Just like riding a bike, but easier and more fun.
- Pedalling turns a propeller with a 10 to 1 ratio. This means it doesn't get harder to pedal when going against resistance like a tide or current.
- Transmission is sealed so maintenance is minimised, just rinse with fresh water.

The perfect combination of fun and fitness, a Red Shark Bike allows you to explore the water like never before. Who doesn't want the opportunity to get a workout while immersed in the beauty of nature? Red Shark Bikes are not limited to those looking for a new workout routine; these bikes are built for adventure seekers, boaters, paddlers, SUP users, cyclists and outdoor enthusiasts.
